

GREATEST OF ALL VIRGINIA FAIRS OPENS TO-MORROW

(Continued From First Page.)

A day ahead now, there will be no delay caused by late exhibits, and when the gates open to-morrow morning at 8 o'clock there will be nothing left to do. Judging of the exhibits will begin immediately, and the awards will be announced as fast as they are made.

VARIETY OF ENTERTAINMENT
Every variety of entertainment has been provided. There will be several free shows morning and afternoon in front of the grand stand, one of them being a thrilling dive from a bicycle into a shallow pool constructed within the grand stand inclosure. At night will come the pyrotechnic display, the fall of Liege, unmeasured, and the eruption of Mount Vesuvius, which never was censured. Besides these there will be the unending shows along the Midway and Ballyhoos Lane, where for a mere dime, two nickels or 10 cents one may see wonders and monstrosities gathered from the ends of the earth. Listen to the merry-mouthed fakir, and you will hear of such things as you never dreamed of. Listen to his pictured imagination, and you will be repaid even before you enter the tent flap to see the one and only thing of its kind that he has to show. When one becomes tired of sightseeing and the melody of sound and noise he may retire into the exhibit sheds and please himself again with viewing what Virginia has done and can do in the labor of the soil, a labor made more productive by the imagination which can do as well as dream. For it is the combination of the two which has made the earth fruitful and turned a tyro into a successful farmer, made scientists out of experimenters and brought good out of gall.

CITY PROVIDES FIRE AND POLICE PROTECTION

Ample fire and police protection has been provided by the city. Captain Cooby, with ten firemen in his charge, was sent to the grounds yesterday. The firemen will live and sleep in their quarters at the west end of the grandstand, adjoining which is a temporary police headquarters. The city Police Department will detail a number of men for duty at the grounds every day, and others who visit the grounds when off duty must appear in uniform and be subject always to orders. Sheriff L. H. Kemp, of Henrico County, will furnish fifteen officers at the fair. Ten of his men will be stationed inside the grounds, and the others will patrol the territory just outside the inclosure. In order to provide the requisite number of officers, several additional men will have to be added to the Henrico County police force. The extra men will be sworn in to-morrow. In place of those kept constantly on duty in the grounds, the Board of Police Commissioners of Richmond has sworn in sixteen extra men, who will do patrol duty in the city. Only experienced men will be sent to the fair. Serious trouble is not expected or apprehended. On the main

duties of the police will be to watch out for fence-jumpers. In view of the fact that there has been a greater restriction placed on passes, a larger number of fence-jumpers is expected. There will be, however, a certain number of deadheads, and, as usual, the majority of them come from people who are able to pay. Already one man whose salary is \$5,000 a year has applied for passes for friends. They were given to him with some reluctance. Others have followed suit. "It is usually the way," said a clerk

yesterday, "that those who can afford to pay are the ones who pester the office the most for passes. And as they are generally men of high position, the office has to give in."

The program for the week is as follows: Monday, opening day; Tuesday, Farmers' Day; Wednesday, Richmond Day; Thursday, Exhibitors' Day; Friday, Children's Day; Saturday, well, on Saturday the excursion to other fairs begin, and other people go home.

W. WAVERLY PHAUP DIES SUDDENLY IN BLUEFIELD

Body of Well-Known Detective Will Be Brought to Chesterfield for Burial.

W. Waverly Phaup, one of the most widely-known detectives with the Baldwin-Felts Detectives, of Roanoke, and the central figure in many a shooting affray, was found dead in bed in his room at Bluefield, W. Va., yesterday morning.

The body will arrive in Richmond this morning, and will be taken at once to the former home of Mr. Phaup, near Chesterfield Courthouse, for burial.

Mr. Phaup has many relatives in this city, including a sister. He was born and reared in Chesterfield County. For ten years he has been with the Baldwin-Felts agency, operating all over the Southern States. He was a member of the force engaged in capturing the Aliens after the Hillsville shooting.

In the autumn of 1912 Mr. Phaup was engaged in detective work in the West Virginia coal strike. While traveling one night in a hand car with a fellow officer named Stringer, they were fired upon, presumably by strikers. Stringer was instantly killed, and Phaup's left arm was terribly torn by bullets. It was reported in Richmond that he died a few hours later in a hospital, and relatives here then prepared for his burial, but, instead, he was brought to this city for hospital treatment, lasting several months before recovery was complete.

HENRICO CIRCUIT COURT BEGINS TERM TO-MORROW

More Than Dozen Presentments Will Be Made to Grand Jury By Commonwealth's Attorney.

The regular fall term of the Circuit Court of Henrico County will open to-morrow morning when the grand jury will consider more than a dozen presentments offered by Commonwealth's Attorney Frank T. Sutton, Jr. The criminal cases, comparatively few in number, will be taken up first. The civil docket at the approaching term will be an unusually heavy one.

Some of the more important criminal cases set for trial at this term of court are as follows: Charles White, felonious assault; Solomon Gibbs, murder; Roy McCullough, larceny; Phillips Brooks, attempted criminal assault; Robert Johnston, housebreaking; Harry Phelps, larceny; Elijah Gurley, felonious shooting; and Harry Lightfoot, larceny.

The case of John Clements, the negro charged with a capital crime against Miss Fannie Chensull, will be passed on trial at this term. The case has attracted wide-spread attention and it is more than likely that the trial will arouse much interest. It is understood that much new evidence will be introduced when the case is heard the latter part of the term.

Sheriff L. H. Kemp has summoned the following venire for the grand jury: T. M. Conner, Jr., J. J. Morris, Currier, W. R. Koch, A. E. Sheppard, Abraham Stark, T. T. Dabney and Samuel C. Duval.

GIRLS! BEAUTIFUL, CHARMING HAIR, NO DANDRUFF—25 CENT DANDERINE

Try this! Doubles beauty of your hair and stops it falling out.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil, and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter and just try it.—Advertisement.

Fonticello Mineral Water Is Radio Active

At the British Medical Association in July, 1911, Drs. Armstrong and Harburn, of Buxton, England, reported the results of their observation of over 600 cases treated by radium emanations. The results noted were, briefly, great increase in diuresis, great increase in carbonic acid exhalation, lowered blood pressure, especially in arterio-sclerosis.

In diabetes decreased sugar. In albuminuria decrease of albumin and blood pressure, increased elimination of body toxins by kidneys and lungs.

In glycosuria complete disappearance of sugar.

In arterio-sclerosis marked decrease of blood pressure.

In gout increase of volume of uric acid excretions, disappearance of uric acid crystals in urine, of pains, swelling and stiffness of affected parts.

In arthritis improvement in nearly all forms.

HOME!!

Therefore, you should use your VERY BEST judgment in the selection of your Furniture, Rugs, Draperies, etc., etc., and take plenty of time in the selecting. Our seven-story building is the fourth largest retail place of business in the city, and yet while the other stores carry almost everything from a tooth brush to a parlor carpet, we carry only such things as furnish a home; and as to service—well, one of our managers offered to bet a friend the other day that he could come into our store every day for a month looking at Furniture, and he would make him a present of any purchase he intended making if he received a single cross word, sarcastic remark or the least lack of attention.

Business is good with us—come in and help us make it better. Remember, in these days of hurry and bustle, you don't always have the time you'd like to have in buying, so why not come to an old-established house like ours, where everything is bound to be satisfactory or—no sale.

Burns Anything!

City or country stove—burns wood, any kind of coal, coke, charcoal, shavings, etc., etc. RIGHT NOW, these damp, chilly October nights, just put in a few handfuls of shavings, and almost immediately your room is comfortable.

Then, ANY TIME the weather gets real down-right cold, use small nut anthracite, and you can keep even two rooms warm all day and ALL NIGHT WITHOUT FAIL.

There's no other stove like it. It beats the self-feeders all to pieces—we've sold mighty near all the leading makes, and WE KNOW. This stove will burn and give heat where the finest self-feeder ever made, costing \$50.00 or \$75.00, won't burn unless shaken every few minutes, and then probably wouldn't give off any heat.

Note the elaborate nickel trimmings and the large transparent door, that sheds a nice warm glow all over the room like a grate fire.

We've sold this stove ten years, and guarantee it to give perfect satisfaction or—your money back.

Prices Very Reasonable—
\$21.50 and \$23.50

We have a beautiful and large collection of Mahogany Furniture novelties that will not only please the eye, but give years of use, at prices from \$2.50 and up as high as you wish to go.

The Jurgens All-Steel Sanitary Kitchen Cabinets

are built on a frame work of angle steel like the steel frame of a skyscraper, and will last forever, not only that, but they are beautifully enameled pure white all over, inside and out. Why buy an old-fashioned wooden cabinet, which will attract water bugs and roaches, when you can buy the Jurgens All-Steel Sanitary Cabinet at the same price, and on which you can turn the hose—water won't do it any harm—on the contrary, it will do lots of good.

Prices, \$35 and \$38

Don't forget the Jurgens All-Steel Sanitary Kitchen Cabinet is as far ahead of the very best wooden kitchen cabinet as the best wooden cabinet is ahead of the old-fashioned kitchen safe.
